§ 75.561 Approval of indirect cost rates.

(a) If the Department of Education is the cognizant agency, the Secretary approves an indirect cost rate for a grantee other than a local educational agency. For the purposes of this section, the term local educational agency does not include a State agency.

(b) Each State educational agency, on the basis of a plan approved by the Secretary, shall approve an indirect cost rate for each local educational agency that requests it to do so. These rates may be for periods longer than a year if rates are sufficiently stable to justify a longer period.

(c) The Secretary generally approves indirect cost rate agreements annually. Indirect cost rate agreements may be approved for periods longer than a year if the Secretary determines that rates will be sufficiently stable to justify a longer rate period.

§ 75.562 Indirect cost rates for educational training projects.

(a) Educational training grants provide funding for training or other educational services. Examples of the work supported by training grants are summer institutes, training programs for selected participants, the introduction of new or expanded courses, and similar instructional undertakings that are separately budgeted and accounted for by the sponsoring institution. These grants do not usually support activities involving research, development, and dissemination of new educational materials and methods. Training grants largely implement previously developed materials and meth-

ods and require no significant adaptation of techniques or instructional services to fit different circumstances.

(b) The Secretary uses the definition in paragraph (a) to determine which grants are educational training grants.

(c)(1) Indirect cost reimbursement on a training grant is limited to the recipient's actual indirect costs, as determined in its negotiated indirect cost rate agreement, or eight percent of a modified total direct cost base, whichever amount is less.

NOTE TO PARAGRAPH (c)(1): If the grantee did not have a federally recognized indirect cost rate agreement on the date the training grant was awarded, indirect cost recovery is also limited to the amount authorized under § 75.560(d)(3).

(2) For the purposes of this section, a modified total direct cost base consists of total direct costs minus the following:

(i) The amount of each sub-award in excess of \$25,000.

(ii) Stipends.

(iii) Tuition and related fees.

(iv) Equipment, as defined in 34 CFR 74.2 and 80.3, as applicable.

NOTE TO PARAGRAPH (c)(2)(iv): If the grantee has established a threshold for equipment that is lower than \$5,000 for other purposes, it must use that threshold to exclude equipment under the modified total direct cost base for the purposes of this section.

(3) The eight percent indirect cost reimbursement limit specified in paragraph (c)(1) of this section also applies to sub-awards that fund training, as determined by the Secretary under paragraph (b) of this section.

(4) The eight percent limit does not apply to agencies of State or local governments, including federally recognized Indian tribal governments, as defined in 34 CFR 80.3.

(5) Indirect costs in excess of the eight percent limit may not be charged directly, used to satisfy matching or cost-sharing requirements, or charged to another Federal award.

(d) A grantee using the training rate of eight percent is required to have documentation available for audit that
